DR. BRIGGS LOCATED

Former Paducah Minister Will
No Longer Preach.

Rev. W. F. Hamner is no longer a
Minister—Will Practice Law
in Memphis.

OTHER CONFERENCE NOTES

The Memphis conference in session at Fulton is drawing large crowds. It has been reported that Rev. G. W. Briggs would be tried for omitting a man during an altercation in Paducah some time ago, but he will probably not be.

Today's Memphis Commercial Appeal says:

The name of the Rev. G. W. Briggs was called as a transfer from the Baltimore conference and his desire to be "located" announced and his request was granted. Dr. Briggs formerly served the Broadway church in Paducah and is one of the most brilliant and effective pulpit orators in Southern Methodism. Just what he will do, now that he is located, is not known. He has for some months past been on the lecture platform and is one of the popular men in that field. Dr. Briggs is not in Fulton. The name of Rev. Mr. Nelson was announced as a transfer from Virginia.

The name of Rev. W. F. Hamner was called. Dr. Blackard of Jackson, his presiding elder, arose and made a short statement of the case and read a paper from Mr. Hamner, in which he made a full confession of his defection in morals and prayed for the mercy of his brethren. Dr. Blackard

also made a motion that the conference accept the credentials of Dr. Hamner, who had offered to surrender the same. After a few speeches by several men the bishop made a few remarks and led the conference in prayer. The deep sympathy of his brethren was manifest all over the conference room, while the bishop prayed many being moved to tears and even sobbing aloud. The motion was put and carried without opposition. The effect of this action is to unfrock Dr. Hamner and he is no longer a minister in the Methodist church. The motion, however, provided for retaining him in the membership of the church, as he confessed his sin and promised amendment. He is not present, but many people will rejoice to know that their erring friend is out of from membership in the church. Mr. Hamner, who now lives in Collierville, will practice law in the city of Memphis.

There are present at the conference 175 ministers and 40 lay delegates. It is one of the largest conferences, as to numbers present, within the history of the body. The following were placed on supernumerary list: J. R. Bell, A. S. Taylor, R. R. Kienhoefer.

REPUBLIC A SUCCESS

Every Encouragement for the
New Republic.

American Legation at Panama Report—
and Surrounded—Panama Owes
Us Much.

LATEST FROM SAN DOMINGO

QUIET AT COLON.

Colon, Nov. 13—Complete success already crowns the secession movement, and affairs continue to be as orderly as they have been since the change of government. All government functions have thus far been carried on with success and the unanxious feeling throughout Panama in favor of the new government is far beyond what its promoters anticipated when they declared the independence of the isthmus on November 3. The municipal and provincial laws and regulations which existed under the government of Colombia have been continued without any practical change. With three or four exceptions all the civil employees of Colon and its neighborhood have taken oath of allegiance to the new republic and have been continued in office. Those who refused to take the oath were sent to Savannah. Porfirio Melendez, the new civil and military governor of Colon, today expressed his full realization of what Panama owes the United States, calling that country "the new republic's powerful and generous godmother."

SHIP FROM SAN DOMINGO.
New York, Nov. 13—The Clyde line steamer Cherokee arrived from

Santo Domingo. Intelligence of the insurrection, reports an exciting experience with the Dominican man of war, by which the Cherokee was stopped several times, on one occasion shots being fired across her bows, and on another the ship eluding the war vessel under cover of darkness.

The Cherokee on her onward voyage was met at Porto Plata on October 27 by the Dominican man of war, which fired several shots across her bows and stopped her. After some parley the Cherokee was allowed to go into Porto Plata, and her cargo and mail and reload cargo. Off Macoris on November 3 the Cherokee was stopped by the same vessel and again permitted to proceed. At Samana, November 5, the war vessel ordered the Cherokee away. The Cherokee waited until after dark when the man of war sailed out of port with out lights, and then went in and landed her cargo and mail. She succeeded in making schedule time at all ports except Monte Cristi.

Macoris was evacuated by the government forces November 3, the day of sailing, and all the ports except San Domingo City, were in the hands of the insurgents when she finally sailed.

SOME EXCITEMENT.

Panama, via Galveston, Tex., Nov. 13—It is reported here that President Marquis is trying to leave the capital.

There is great excitement and the American legation, which is surrounded and is protected by Colombian troops.

Sixty Colombian prisoners left this morning for Cartagena. At Colon they will be joined by other prisoners. There now remain at Colon only Generals Juan B. Tovar and Feo Castro. They are held as hostages.

Panama and Colon are quiet, but extensive preparations are being made for the reception of the dignitaries on the Mayflower, especially Rear Admi-

ral Walker and Consul-General Grogan.

Gold exchange is going down here, but paper currency is going up in Colombia.

A BIG MAN DEAD.

SAID TO HAVE BEEN LARGER
THAN JOE GRIMES.

Newport, Ark., Nov. 13—Lee Trickey, better known under his widely advertised show name of Jolly Lee, died of inflammatory rheumatism, supposed to have affected his heart. Trickey was advertised as weighing 619 pounds. He was the biggest man in the world surpassing Joe Grimes, who died in Cincinnati three weeks ago. Trickey was not over five feet ten inches in height and his limbs below the knees were very small, so that he could hardly stand alone. When getting out of the car Monday he suffered a sprained ankle. The deceased was 32 years old and had been with the Cosmopolitan Carnival company. He was married but leaves no family. His home was in Hammond, Wis.

TENNESSEAN KILLED.

Hopkinsville, Ky., Nov. 13—James McCoy, a contractor of Sadler, Tenn., was killed by L. and N. freight train near Pembroke. He was asleep when struck, and his body was hurled forty feet. McCoy was 49 years old and a man of family.

TROUBLE YET.

Chicago, Ill., Nov. 13—Ten street cars this morning went out guarded by police. The streets are crowded with idle men and the police were jeered and hooted but no trouble so far has occurred.

WHOLE TOWN WIPED OUT.

Anzara, Mo., Nov. 13.—Jenkins City, a town of 400 inhabitants, was practically destroyed by fire yesterday.

THE EDWARDS CONTEST.

Louisville, Nov. 13—Latest returns from the Eleventh district show that Hunter leads Edwards by 350. Hunter is however claiming election by 1,000 and Edwards by 200 to 300.

REPUBLICAN MEETING.

Washington, D. C. Nov. 13—Senator Hanna, chairman of the Republican national committee, today mailed to each member of the committee a letter calling them to meet at the Arlington hotel, Washington, December 11. The object is unknown.

DEATH AT HOPKINSVILLE.

Hopkinsville, Ky., Nov. 13—W. W. Lacey, a seventh street saloon keeper, died suddenly last night of heart trouble. He was 57 years old and had been in business here for fifteen years. He leaves a family.

Roadmaster F. L. Thompson, of the Louisville division of the I. O., is in the city today on business.

NEW RULE IN HOUSE

Leaves Democratic Appointments to Minority Leader.

Public Hearing of Objections in General Wood Case—Big Blaze in Nashville.

\$3,000,000 BURNED ON A TRAIN

SPEAKER CANNON'S PLAN.

Washington, Nov. 13.—Senator McCreary strolled over the house end of the capitol to pay his respects to the new minority leader, Mr. Williams, and also to congratulate the new speaker, with whom he served twelve years in the lower house. In discussing the assignment to committees in the house, Speaker Cannon told Senator McCreary that, as far as possible, it is his intention to leave the Democratic appointments to the discretion of the minority leader. Heretofore the selections of the minority have been submitted to the speaker for approval, and, if entirely satisfactory to him, he let it be known and the desired change was made. This time, however, Speaker Cannon intends to abide by such selections as the minority leader may make.

The Democrats are greatly pleased by the speaker's stand, and it is understood that will be agreed to by the majority.

GEN. WOODS' CASE.

Washington, Nov. 13.—Senator Proctor, acting chairman, will call a second meeting of the committee on military affairs, within a few days. It is the intention now that the meeting shall be public and a hearing granted to all persons opposed to the nomination of General Wood.

As long as the nomination of General Wood is held up about 100 nominations of others will remain unacted upon, as their promotion depends upon that of General Wood.

BIG NASHVILLE FIRE.

Nashville, Tenn., Nov. 12.—A fire started in the warehouse of the Tennessee Chemical company at West Nashville this morning and did \$50,000 damages to the stock. The damage to the building is placed at \$3,000 and stock \$50,000, and is fully covered by insurance. The blaze started in the tankage and was due to spontaneous combustion.

SOUTHERN EXPRESS ELECTION.

Savannah, Ga., Nov. 13.—Morton C. Plant was elected chairman of the board of directors of the Southern Express company, a new position. M. J. O'Brien, of New York, was reelected president of the company. T. W. Leary, of Atlanta, was elected vice president and general manager.

BIG FIRE ON TRAIN.

St. Petersburg, Nov. 13.—A fire in the mail car of the St. Petersburg-Moscow mail train is reported to have destroyed valuables estimated at \$3,500,000. The postoffice authorities attribute the outbreak to spontaneous combustion and say 437 foreign parcels and eleven sacks of foreign mails, etc., were destroyed.

In this strenuous age, one sometimes feels the need, not exactly of a medicine, but of a good common sense revitalizer and tonic. Walther's Peptonized Port is just such a tonic. The port wine is a strengthener in itself, and the pepton, by aiding digestion, enables one to get the maximum amount of strength from one's food.

It strengthens in an astringent way—not by whipping the organs into a forced activity, not by creating a false feeling of strength through nerve stimulation, but actually by giving real strength. For sale by W. B. Moore, Druggist, Paducah, Ky.

PAINFUL INJURY.

MRS. WILLIAMS, OF HINKLEVILLE ROAD, STICKS NAIL IN FOOT.

Mrs. Williams, of the Hinkleville road, mother of Mr. Kille Williams, of North Fifth street, stuck a nail in her foot yesterday afternoon and suffered great pain from the injury. A physician was called and administered to the wound and this morning she is much better. All precautions to guard against lockjaw have been taken and little danger from this source is expected.

OTHER KENTUCKY NEWS NOTES

THE Y. M. C. A. CASE.

Frankfort, Ky., Nov. 13.—The court of appeals by Judge O'Rear, whole court sitting, with Chief Justice Burman dissenting, affirmed Jefferson and Davies circuit courts in the case of commonwealth vs. Young Men's Christian association, and city of Louisville vs. same. The actions, involving identical questions, were considered together.

The action was instituted by auditor's agent to subject the property of the Y. M. C. A. to taxation on the grounds that certain parts of the buildings were rented for profit. The association pleaded exemption under section 170 of the constitution as a religious organization. The lower court held the property exempt and this court in an exhaustive opinion sustains that finding.

TROUBLE AT HOPTOWN.

Hopkinsville, Ky., Nov. 13.—While standing on the street talking to a friend, Deputy Sheriff Mack Denton was rudely jostled off the sidewalk by Frank Allen, colored. Mr. Denton expostulated with the negro for his rudeness, when the latter commenced cursing him and made as if to strike him, when the officer drew his pistol, and, putting it almost against the negro's stomach, pulled the trigger twice, but the weapon failed to fire. Allen, being reinforced by some other negroes, then clinched with Mr. Denton, and wrenched the pistol from him and struck him in the face. White men went to Mr. Denton's assistance and rescued him from his assailants. A warrant was issued for Allen and he was arrested and his examining trial set for tomorrow morning.

SOLD LAND HERE.

A tract of land belonging to the estate of R. C. Spiceland, deceased, situated in Paducah, and containing sixteen and a half acres, says yesterday's Cadiz Record, was sold in Paducah last Monday by Master Commissioner John W. Kelly, of this place, to satisfy judgments rendered in the Tritz circuit court in favor of U. L. Rogers against E. C. Spiceland, and Lyle, Black & Co., against J. H. Spiceland. J. H. Spiceland's one-ninth interest was sold to James R. Moore for \$215. The remainder was sold to S. I. Spiceland for \$1,321.88. Attorney R. A. Burnett, S. I. Spiceland and W. A. Bogard, of this county, attended the sale.

ONE CONFESSES

Glasgow, Ky., Nov. 13.—Hade Harrison and Booker Williams, two highly connected young men, aged about eighteen and fifteen years, have been lodged in jail here charged with breaking into and robbing George McKinney & Son's general store at Austin, this county. After the arrest Williams, the younger of the two, confessed and implicated Harrison; however, Harrison stoutly denies his guilt. They have already been indicted and will probably be given a trial at once, as circuit court is now in session.

MARRIAGES IN CHRISTIAN.

Hopkinsville, Ky., Nov. 13.—W. C. Fendleton, aged 16 years, and Miss Annie Hogan, aged 14 both of Treble's Mill, were married here by the county judge. The marriage was witnessed by the parents of the youthful couple.

Frank Yancey, a young farmer of East Christian, and Miss Gertrude Vaughan, daughter of Judge R. E. Vaughan, of Fairview, were married here also.

A NEW TIME CARD

A Number of Changes May be Made.

Accommodation Trains on the Louisville Division to Get More Time.

BETTER TIME TO CAIRO

The officials are still working on the new time card for the Louisville division of the I. O. and have about completed the plans for the new schedules of the trains.

As far as can be learned the most important changes will be in the time of train No. 121 which now arrives in Paducah at 3:45 o'clock. This train will be run in half an hour later, arriving at 4:15 but will leave Louisville on the present schedule time, consuming the increased time on the road. This train has had such a big business to attend to that it rarely ever gets in on time.

Another change that has been authoritatively stated is in the running of third class trains over the Louisville division. These trains will be run as extras and the conductors will fix their own meeting points. This will relieve in a measure the congested condition of freight traffic.

It is said that the time on the Cairo extension will be shortened in the passenger runs and that instead of making the run from Paducah to Cairo in one hour and forty-five minutes, the time will be shortened to one hour. This will necessitate the shortening of stops and will mean faster running.

Atlanta. Among the numbers was Thomas Bowles, of Rockcastle county, known throughout the mountains as the king of moonshiners. He has escaped capture for years.

BREATHITT COUNTY INDICTMENTS.

Jackson, Ky., Nov. 13.—Judge D. B. Redwine's last term of the Breathitt circuit court will close tomorrow. The grand jury found 43 indictments. Thirty-seven of these were for misdemeanors, three for murder, and two for manslaughter.

TODD COUNTY PAPER SOLD.

Hopkinsville, Ky., Nov. 13.—Claude H. Graves has sold to Mitchell & Martin his newspaper, the Todd County Democrat, published at Trenton, Mr. Graves goes to New Decatur, Ala., as manager of the Art Job Printing company, of that place.

DIED VERY SUDDENLY.

Mayfield, Ky., Nov. 13.—Albert Farrow, aged 50 years, a resident of Greencastle, Ind., came here several days ago to visit relatives. Yesterday afternoon, while listening to a phonograph, he fell dead. He is a man of family.

ONCE LIVED IN MAYFIELD.

Mayfield, Ky., Nov. 13.—The wife of Elder J. W. Harly, a former pastor at Mayfield, died at Redlands, Cal. on the 9th inst. She was born and raised in Kentucky and lived here for some time.

BIG TIE DEAL

ILLINOIS CENTRAL ORDERS OVER ONE MILLION.

Chicago, Nov. 13.—The Illinois Central has contracted with a tie company of Chicago for 1,500,000 railroad ties, and the contractor will obtain them from leading sawmill operators in Mississippi. Before being used these ties are to be chemically treated and they will, it is stated, be sufficient for 500 miles of track. Some of them will be used for repairs and some for the new double track, an important piece of which is being put in between Annapolis, Tenn., and Fulton, Ky.

FRIAS' CLAIMS

PHILIPPINE QUESTION EXPECTED TO BE SETTLED SOON.

Washington, Nov. 13.—Advice received from the war department from Manila indicates that before he sails for the United States on December 22, Governor Taft will have succeeded in settling claims of the friars for their religious property holding in the islands.

The government expects to hold a public sale of the mine holdings in the Philippines for a total of \$6,000,000.

OUR FOREIGN MAIL

Report Out Showing the Excellence of Our Service.

We Send Over Ten Million Pounds of Mail a Year to Foreign Countries.

STATISTICS OF OTHER NATIONS

Washington, Nov. 13.—The annual report of F. M. Brooks, superintendent of foreign mail service, shows that 10,994,044 pounds of mail were dispatched by sea to foreign countries, of which 7,456,343 pounds was for trans-Atlantic destinations. The money paid on account of transportation of the mails dispatched to and received from foreign countries during the fiscal year aggregated \$2,039,067. It is estimated that \$6,240,696 was received by this government as postage on articles exchanged with all foreign countries, of which the postage collected on the articles exchanged with foreign countries other than Canada and Mexico, amounted to \$4,991,978, or \$2,008,386 more than the net cost of the service.

The estimates for the fiscal year 1904-1905 include \$2,031,000 for the sea transportation of mails, including foreign closed mails; railway transit across the isthmus of Panama, special compensation for service between San Francisco and Tahiti, maintenance of the United States postal agency at Shanghai, \$50,000 for sea postoffices on vessels plying between New York and Southampton, Bremen and Hamburg, and \$38,000 for transfer service in New York harbor.

Oreto, Cuba and the British protectorates of Somaliland and southern Nigeria in Africa joined the universal postal union during the year.

Official statistics of the postal service in the eight leading countries of the world, United States, Germany, Great Britain, France, Italy, Austria, Russia and Japan, show that the United States leads in the number of post-offices and employees, Germany as to letter boxes for the public, the United States ranking second, Switzerland as to the portion of postoffices to area, and the United States as to the number of articles of mail matter received by and sent to each inhabitant, as to length of mail routes and number of pieces of printed matter carried. The United States exceeded by \$7,948,000 the amount expended during the year for the postal service by Germany, which among all the foreign governments expended the largest amount.

TO PLAY POLITICS

LIQUOR MEN OF NEW YORK RAISE \$5,000,000.

New York, Nov. 13.—In fear of further drastic legislation following that of last winter, when the license fees in this state were advanced greatly, the central organization of the New York City Wine, Liquor and Beer Dealers' association has adopted resolutions approving the defense fund plan formulated at the recent liquor dealers' national convention, and has fixed the state's contribution at \$750,000.

It was announced that this money is to be raised by regular assessment upon each saloon keeper. In Manhattan alone there are 6,000 members of the association in good standing.

If every state represented in the national association takes similar action the defense fund with liquor dealers at this rate will approximate \$5,000,000.

"Our organization," said one of the officers, "is not a political body in any sense. It is a business men's organization, formed for strictly business purposes, but when a political party attacks our interests we can play politics, and henceforward we propose to do it. The saloonkeepers are not alone in this business. Wholesale dealers, brewers, those who supply mineral waters and everybody associated with the business is in the plan."

THE FOX AND THE TIGER.

Find a Hunter.

A Skillful Archer, coming into the woods, directed his arrows so well that the beasts fled in dismay. The Tiger, however, told them not to be afraid; for he would singly engage their enemy and drive him from their domain. He had scarcely spoken, when an arrow pierced his ribs and lodged in his side. The Fox asked him, slyly, what he thought of his opponent now. "Ah," replied the Tiger, writhing with pain, "I find that I was mistaken in my reckoning."

MORAL.—Though strength and courage are very good ingredients towards making one secure and formidable in the world, yet, unless there be a proper portion of wisdom or policy to direct them, instead of being serviceable, they often prove detrimental to their proprietor.

IMPERSONATED GOLET

THE YOUNG MAN WHO POSED AS NEW YORK MILLIONAIRE CAUGHT.

New York, Nov. 13.—James Abeel, who, under the name of J. Ogden Goelet, Jr., won the affections of Miss Eleanor Apderson, and arranged to marry the young woman, has not communicated with his parents in Waco, Tex., and will be prosecuted to the end of the law by the Goelet family. The announcement that the Goelets will not let up on Abeel was made today, when E. T. Slayden consulted with De Lancey Nicoll, attorney for the Goelet family, after having written young Robert Goelet a letter, begging clemency for Abeel.

When Mr. Goelet failed to answer the letter, Mr. Slayden got into communication with Mr. Nicoll, who, with George De Witt and Colonel Barlett, are representing Robert Goelet and the Goelet estate in running down and punishing the alleged impostor. Mr. Nicoll was positive in his statement that the affair would have to go to the end, and that young Abeel would be prosecuted.

Mr. Slayden then got into communication with Stern & Spierberg, attorneys for William Anderson, father of the girl whom Abeel imposed upon, and asked what could be done to withdraw the prosecution against the son of his friend. It is believed that some arrangement can be made with the girl's family. The girl, so it has been said, was so enamored of Abeel that she loved him even after his duplicity had been proved.

LOCKOUT ON WAYS

A STRIKE WAS TALKED OF AT CARONDELET AND THE PLANT WAS CLOSED.

No work is in progress at the marine ways at Carondelet this week, owing to the fact that all the carpenters and laborers, numbering about 50 persons, were paid off and discharged, says yesterday's Globe Democrat. The management learned that a strike of the employees was to take place on Monday on account of a nonunion man being employed on the work, and decided to obviate a strike by discharging the workmen. The workmen are not willing to admit now that a strike was intended and are trying to find out when business is expected to resume. The ways are owned and managed by the officers and board of directors of the Wiggins ferry company. A wharfbote belonging to the Eagle packet company is on the ways to be repaired, but aside from this there is but little work in sight.

INTERNATIONAL SUIT

BUREAU OF INSULAR AFFAIRS BRINGS CLAIM AGAINST ENGLISH FIRM.

Washington, Nov. 13.—The bureau of insular affairs, through its law officer, Charles E. Magoon, has filed answer in the court of claims to the suit of Warner, Barnes & Co., an English corporation, to recover from the United States the sum of \$162,353 as import duties collected in Manila and Hilo on goods brought from the United States in the Philippine Islands between December 10, 1898, and March 8, 1902, the time between the signing of the treaty of peace and the passage of the Philippine tariff act. The answer is important in that it will determine the question as to whether the military government of the Philippine Islands could levy tariff on goods coming from the United States into the Philippines. The government insists that insurrection in the Philippines created a condition of war and justified the president in subjecting the territory of the islands to military occupancy in the effort to suppress the insurrection which carried with it the power to regulate trade with the territory so occupied and impose such conditions on trade as might be determined and to secure revenue by levying customs duties and other taxes. It is further contended by the government that the customs duties collected were authorized by congress. The brief also challenges the right of an English corporation to maintain a suit in the court of claims against the United States.

EXPERT HANDLES

LOCAL RAILROAD MEN UNLOAD WHEELS IN INTERESTING MANNER.

Some of the laborers at the local I. O. shops do a class of work that is quite unique. Yesterday a car load of freight car wheels was received here and a gang of laborers set to work unloading it. The wheels are rolled out the door and dropped on a cross tie below and the laborers have to seize the wheel as it strikes and roll it away to the store yards. If the wheel is allowed to fall over after striking, much more time is required in unloading the car and it also requires a great amount of physical exertion. The negroes take turns about and come in regular order for their wheel as they do at the check room when giving in their time at night.

It is very interesting to watch them work and see the amount of skill required in handling the big wheels as they are dropped out of a car and unrolled away by the men. The men in the car have also to be experts in handling the wheels to know exactly how to release them so as to strike the tie right.

MADE LONG RUN—Late yesterday afternoon the fire department was called to 1004 North Sixth street to a house occupied by man named Francha, but found that what was supposed to be a fire was only smoke issuing from a hole in the roof.

ROBERT'S SUCCESSOR

JUDGE WM. N. BUTLER NOMINATED BY SOUTHERN ILLINOIS REPUBLICANS.

Cairo, Ill., Nov. 13.—On the sixty-fourth ballot William N. Butler of Alexander county, was nominated for circuit judge by the Republicans of the first judicial circuit, to fill the vacancy caused by the death of Joseph P. Roberts.

The circuit includes parts of two congressional districts, and the forty-one delegates from the east side voted solidly until nearly the end for a candidate from their district.

The sixty-fourth ballot stood: Butler, 57; McKean, 33; Lewis, 22. The election occurs on December 12.

Wm. N. Butler is one of the best lawyers in this end of the state. He is in his 47th year, and came to Illinois from New York when a young lad, settling with his parents in Union county. He studied law under Judge Munroe C. Crawford, whom he now opposes for the office of circuit judge. He graduated from the university of Illinois, at Champaign, attended the Union law college in Chicago, and entered the senior year of the Albany (N. Y.) law school, from which he graduated in 1883. He then came to Cairo and has lived here since.

For sixteen years he served as state's attorney of Alexander county. Mr. Butler is a member of the Masonic order and the Knights of Pythias; is a trustee in the Presbyterian church of Cairo, and has a family consisting of a wife and six children.

DAILY THOUGHT.

Know that no space of regret can make amends for one life's opportunities missed.—Dickens.

LEGITIMATE NEWS.

Some good points for the public to remember about a newspaper are contained in an editorial in the Nashen, N. H., Press. A great many people erroneously think that a newspaper has no right to publish anything about them that they don't want published. Whether right or wrong, a newspaper has the right.

Says the press along this line:

"The objection of some people to any newspaper mention of themselves sometimes reaches the point of morbid self-consciousness. The importunate requests of friends to omit this or that item of legitimate news makes one of the unpleasant sides of newspaper work.

"Newspaper men always admit that there is much that should not be published, and every newspaper worker is the guardian of many secrets that would work incalculable mischief if printed. But there are people who seem to expect that they can communicate information regarding their own affairs to all their friends, who are not blamed for spreading such information, and yet they expect the newspaper to refrain from exercising the same privilege with its types which others are exercising by word of mouth.

"It strikes me that when people give out information to their friends in such a way that these friends feel at liberty to communicate it to others, it becomes public property and it is subject for newspaper mention, if proper and of adequate interest.

"If people want their affairs kept out of newspapers they should keep such information to themselves or only give it to such as will guard their secrets.

"Every time a newspaper is requested to suppress a matter of legitimate news it is asked to make its columns less interesting and it is not performing its function with enterprise and efficiency."

PETITIONING CONGRESS.

The United States senate may forever banish a pernicious practice that has in the past become more or less popular, by taboos future petitions protesting against the seating of members who happen to be obnoxious to certain classes. In regard to a flood of petitions against Senator Smoot, of Utah, Senator Hoar said: "With all respect to the signers of petitions of this character, I want to say to them

that their petitions are as much out of place when addressed to this court as similar petitions would be if addressed to the supreme court of the United States in any case pending before that tribunal."

It would seem that the people who send a man to congress are the best judges of his qualifications and fitness. They are entitled to representation or they would not get it, and if their representative suits them, it is rather bad taste for others to object.

If Senator Smoot is guilty of any violation of our laws, he is subject to prosecution. If not, no valid objection, it would seem, can be urged against his holding his seat in congress.

What can be said of New York can also be said of other parts of the country under Republican rule. Says the Louisville Herald: "Under Republican rule the state of New York enjoys extraordinary prosperity. The cash balance in the treasury of all funds was, September 30, 1902, \$10,192,626.24, an increase in one year of \$560,000. The indirect revenue alone of the state amounted to \$22,341,803.97. The people of the Empire state resolutely refuse to turn their state government over to the Tammany looters."

There seems to be no objection in Paducah to the appointment of a board of public works, provided it is not made a political graft, as most everything else here is. If good, progressive, intelligent business men who take no part in politics and care nothing about politics are appointed on the board, the chances are that the people will get satisfactory service. If politicians are put on it as a reward for services rendered the Democratic machine or for other reasons, probability is the people will have considerable to complain of.

It will doubtless be noticed that no attention is paid to the Democratic comments on the administration's position in the Panama case. When the people of the United States have confidence in the theories of the Democratic party they will elect them to office to manage our affairs. The Republicans have steered the ship of state through forty or more years of prosperity and they are still at the helm with their weather eye open.

With Bryan and the Bryan men asserting that Cleveland could not be elected, and the Cleveland men pointing to the two last presidential campaigns to prove that Bryan could not be elected, the Democrats are left still groping in the dark for a leader.

A St. Louis lecturer declares that fads in fashions save people from insanity, but many will doubtless agree that they come too late for those who invent some of them.

It seems the principal advantage to be derived from the St. Louis boodling trials is that they show the new crop of legislators how it can be done.

Hands on your pocketbooks! Mr. J. Pierpoint Morgan denies that he is to retire from business.

Senator Carmack has come to the snafue again for a breathing spell.

NEW TEXAS LAW DECLARED CONSTITUTIONAL.

Houston, Tex., Nov. 13.—The court of criminal appeals has affirmed without reservation the constitutionality of the new state law prohibiting betting on horse racing in the state of Texas. Both the better and the acceptor of the wager are punishable and the court decides that the legislature is within its province in providing different punishments for the two classes.

The pool rooms of the state are not closed except at Dallas and they are preparing to reopen there.

The law was originally aimed at them but they have a found a way to evade it and only the race tracks are affected.

ABOUT THE CITY HALL

"Parson" Morris Says He Was
Held up This Morning.

Unknown Thief Takes \$16 From Him
—Harry Harton was Turned
Loose Today.

OTHER POLICE NEWS NOTES

"Parson" William Morris, a well known colored man residing near Eighth and Tennessee streets, and who is on market every morning with produce, tearfully complained at the city hall before daylight this morning that he had been held up and robbed near Sixth and Clark streets about 5:30 o'clock. Morris sometimes preached and is considered a truthful man.

According to the man's story he was coming towards market as he does every morning, when a man accosted him and asked him what building was the county jail. "That's the jail," replied Morris.

"What's that tall fence?" asked the stranger.

"That's where they hang people," was the rejoinder.

"Well, gimme you money then," demanded the other as he threw a pistol into the face of the other and held out his palm.

Morris shelled out \$16, all the money he had, so he claims. He was made to show his watch, but it did not suit the highwayman, who was impolite enough to say he wouldn't have such a watch.

Morris says he started to follow the man up Sixth street but was told to go back or get hurt.

He says the man was either a white man or a light negro. He couldn't tell which, and wouldn't be able to identify the man should he see him again.

Harry Harton is free again. While the officers are confident he is not as bright as he might be, he is not considered crazy enough to try for insanity, and today it was decided not to try him. He was taken to the city hall, the \$50 judgment against him for pointing a gun at Fred Lowe was suspended during good behavior, and he was sent home to be good.

Mayor Yeiser this morning had a meeting of the board of aldermen called for this evening. A number of matters, just how many has not been fully decided on, will come up for consideration, but the meeting will probably not last long. It was intended to hold the meeting last night but all the members were not notified.

Mayor Yeiser stated today that he was in no position at present to talk about the board appointments he may have to make shortly. As to the board of public works he said an ordinance will have to be passed by the boards before he can appoint such a board, and the new library board cannot be appointed until the present board turns over the building to the city. Mayor Yeiser stated, however, that he would say this much, that every man he appoints will be a good, intelligent, first class citizen.

There was no session of the police court this morning, as the only case on the docket was that against Arthur Crawford, colored, who is charged with stealing a watch belonging to Lige Pullen, colored, and selling it here for \$3. He is charged with obtaining money by false pretenses, and the case was continued.

The case against Henry Kahn, F. McBride and F. Atkinson, for running a pool room, is set for November 20 in police court. Attorneys Lightfoot & Yonts have been engaged to defend the defendants claim they are running a legitimate commission business and will continue to do so. The progress of the case will be watched with interest.

City Jailor Tom Evitts this afternoon is preparing for a big barbecue and possum supper at the city hall. He is giving the supper to his many friends who helped him in his recent campaign for city jailor. He has the city court room rigged out for the occasion and will guarantee to his many friends that they will have an excellent time if they come. All are invited.

Moody was arrested and a committee appointed in regular form to try the case. Their verdict will be handed in within a day or two. A painful silence fell on the body when this man's moral life was called in question, his co-laborers feeling grieved over the suspicion and accusations lodged against one of their number.

The term "located" as applied above to Dr. Briggs, means that Dr. Briggs does not desire any charge, but has other work he prefers to do, and will no longer preach.

GOT \$3,000 DAMAGES

The Bell Damage Suit Finished
in Circuit Court.

Damage Suit Against the Palmer
Transfer Company Now
On Trial.

NEWS OF OTHER COURTS

This afternoon the case of Randolph, administrator of Charles Bell, against the Paducah Railway and Light company was given to the jury after having been on trial for over two days. A verdict was returned about 3 o'clock for \$3,000 damages.

There was much evidence introduced in the case and opinions from many experts in the electrical profession given and the case has attracted much attention here. Randolph sued for \$20,000 damages for the life of Bell who is alleged to have met death as a result of a shock from an electric light wire belonging to the Paducah City Railway company, at Fourth and Broadway.

At press time the case of Isaac Eaves against the Palmer Transfer company was on trial. The plaintiff sues for \$2,500 damages for injuries sustained in an accident near the I. C. depot. Eaves, who is a car repairer, was coming in from the south and was walking home when struck and knocked down by a carriage of the Palmer Transfer company. He was badly injured and laid in bed for several weeks at the point of death. He asks for that amount of damages for injuries sustained in the accident.

The case of Thomas C. Hart against the Royal Fraternal union, appeal, was continued by agreement.

In the case of Stuart & Keith against Thomas Keane a judgment for \$33.90 and interest was filed.

DEEDS.

Property lying on Thirteenth and Jefferson streets has been purchased by Herman Graham from W. M. and Alice Cowgill for \$4,250.

W. F. Bradshaw transferred to James Childress for \$600, land lying in the county.

Property lying near Sixth and Flour noy streets was sold by Minnie Burnett to Eli and Frank Boone for \$400.

E. W. Vaughan and others to E. D. Thurman, for \$1 and other considerations, property on the Benton gravel road.

Sarah J. Chittenden and others to T. A. Jones for \$300, property in the county.

R. O. Jones to T. A. Jones, for \$150, property on Bridge street.

W. R. Jones to T. A. Jones, for \$200, property on Bridge street.

COUNTY COURT.

ROAD IMPROVEMENT

Supervisor E. B. Johnson Has
a Good Plan.

Will Suggest to Fiscal Court That
\$100,000 in Bonds Be Issued
By County.

COULD SAVE \$100,000 IN 5 YEARS

Road Supervisor Bert Johnson has a proposition that he will make the county in regard to improving every road in the county, and his, he claims, is one as a result of which no more taxes than are being paid at present will be called for.

Supervisor Johnson outlined his plan as follows: "I want the county to issue \$100,000 worth of bonds, say ten years at 4 per cent., and this with the \$20,000 per year derived from the 19 cents road tax, will amount in the five years intended to do the work, to \$200,000, enough to gravel and improve permanently all roads in the county. The succeeding five years or ten years from now I suggest the county make no improvements at all, the roads having been put in good condition, and with \$100,000 derived from a 19 cent tax, pay off the \$100,000 in bonds."

Mr. Johnson thinks his plan practical and one that will give the people good roads and save them money in the long run and will suggest it to the fiscal court at its sitting next month. He has been at work looking the matter up and getting his data arranged and is now ready to present the matter to the board in full. Of course some small repairs would probably have to be made during the five years after the roads are gravelled, but they would not cost much. The present method of improving the county roads is to spend several thousand dollars a year for nothing. The money is virtually thrown away, as there is nothing to show one year for what was spent the year before.

MILLIONAIRE'S POOR STOMACH.

The worn out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what you station. Trial bottles, 25c; regular size, 75c. For sale by DuBois, Kalb & Co.

TALES OF THE WORTHIES.

Colquhoun was endeavoring to prove that the earth was round.

"It's the simplest thing in the world," he declared; "haven't you noticed how it looks when you come home at night?"

Herenpo Ferdinand hastily agreed, wishing to drop the subject before Isabella grew suspicious.

Caesar had refused the crown for the third time.

"I-I thought they would offer it again," he faltered disappointingly.

Thus we see how mere man lacks intuition: any girl would have known enough to accept the last proposal.—New York Sun.

HIS NAME HARRY

YOUNG MAN FINED NOT
CHARLES HARTON, THE
RAILROAD MAN.

In yesterday's write up of the case in police court against Harry Harton, a harness-maker charged with presenting a shotgun at another and fined \$50 and costs the defendant's name was erroneously published "Charles Harton." This was an unintentional injustice to Mr. Charles Harton, a popular young man connected with the store keepers' department at the I. C. shops. Mr. Harton's friends of course knew it was not he who was in court, and this explanation is made for the benefit of other readers. The young man sued is a collar-maker who has lived here for several years.

TRIUMPH IN BALLOONING.
Paris, Nov. 13.—One of the great-
est triumphs of dirigible ballooning
was achieved today by the Laband
brothers, whose airship in one hour
and thirty-five minutes covered the
forty-six miles separating Moisson and
the Champ de Mars, Paris. The bal-
loon attained an extraordinary high
speed, darting through air sometimes
at the rate of two-thirds of a mile a
minute, the mean speed being twenty-
nine miles per hour.

GOOD WAY TO DO BUSINESS.

LANG BROS. SELLS RELIABLE
REMEDY AT HALF PRICE,
AND GUARANTEES A
CURE.

When one can buy gold dollars for
fifty cents, it is a good time to pur-
chase.

In offering 50 cent. bottles of Dr.
Howard's celebrated specific for the
cure of constipation and dyspepsia at
25 cents, Lang Bros. are giving one
of the greatest trade chances ever
offered to the people of Paducah.

Even though offered at half price for
introductory purposes, the specific is
sold under a guarantee to cure or the
money will be refunded.

If food does not digest well, if there
is gas or pain in the stomach, if the
tongue is coated and the breath bad, if
there is constipation and straining,
Dr. Howard's specific will cure you.
If it does not, you have druggist Lang
Bros. personal guarantee to return
your money.

This remarkable remedy comes in
the form of tiny granules, and can be
carried in the vest pocket or purse.
It is very popular in New York City,
and it is not unusual to see someone
after a meal at one of the large hotels
or restaurants, take a dose of this
specific, knowing that it will prevent
the uncomfortable feeling which
frequently follows a hearty meal.

Dr. Howard's specific gives quick
relief and makes permanent cures of
constipation, dyspepsia, and all liver
troubles.

These are strong statements, but
Lang Bros. are giving their customers
a chance to prove their truth at just
half the regular price—sixty doses for
35 cents. If they are not found true,
all you have to do is ask for your
money.

AND NOW BREATHITT IS THREAT-
ENED WITH LOSS OF THE
OTHER JETTS.

James Jett, of Breathitt county,
Ky., a cousin of Curtis Jett, convicted
of killing James B. Marcum and
Jim Cockrill, is endeavoring to buy a
farm in Olark county, Ind., for the
purpose of locating there with five
other members of the family.

While at Charlestown James Jett
talked with several persons and said
the members of the family who desired
to get away from Breathitt county
were lawabiding people and were tired
of living in the feud stricken commu-
nity. He said if they located in Olark
county it was their intention to obey
the laws of Indiana and become hon-
orable citizens. Jett created a favora-
ble impression while at Charlestown
and made no attempt at displaying
himself.

ANOTHER MASSACRE

ARMENIANS REPORTED TO
HAVE BEEN BUTCHERED.

Pittsburg, Nov. 13.—Ara B. Ohut-
jian, now a resident of Pittsburg, the
young brother of Rev. Q. B. Ohut-
jian, who was murdered in the streets
of Odessa, Russia, in daylight, last
June, and leader of the local Hunscho-
agonist revolutionary branch of the
Armenian patriots, received advices of
another massacre by Turkish soldiers
of bands of Armenians in Asia Minor.
The huthories occurred, according to
Mr. Ohutjian, about eight days ago in
the city of Bazyid, province of Erzer-
oum, at the foot of Mount Ararat.

In discussing the assassination Mr.
Ohutjian said:

"The first band of Armenians,
which was about one hour in advance
of the second band, was attempting to
reach Asia Minor from Russian do-
main, in order to afford some relief to
the suffering Armenian farmers in the
territory. It was made up of some
fifteen members. Entrance from
Russian to Turkish domain is obtain-
able only by means of two passes, each
fortified by strong blockhouses.

"The Turkish soldiers were inform-
ed that the advance body of the relief
hand was coming and the information
was furnished by a member of the op-
position party of our society. When
the band arrived at the blockhouse all
were killed in cold blood. It was
simply a cold-blooded butchery. The
second band halted some distance from
the frontier fearing that their friends
had fallen into the hands of the Turk-
ish soldiers. The latter went out to
meet the second expedition and killed
many of them. Much money and
everything intended for Armenian relief
was confiscated by the Turkish
soldiers."

Shattered Nerves
and Weak Heart.

Too Nervous to Sleep
or Rest.

Dr. Miles' Heart Cure and
Nervine Cured Me.

A shattered nervous system
leads to some affection of the heart, espe-
cially where the patient's heart is weak from
hereditary or other causes. Dr. Miles' Heart
Cure is not only a great heart regulator, but
it is a blood tonic which speedsily corrects
and regulates the heart's action, enriches the
blood and improves the circulation. It will
build you up just as it did Mr. Crawford
whose letter follows, and greatly improve
your general health:

"I have been so greatly benefited by Dr.
Miles' Nervine and Heart Cure that I freely
recommend them as the best remedies for
the diseases they are recommended to cure.
When I began taking these medicines I
weighed scarcely 120 pounds, my nerves
were badly shattered and my heart troubled
me a great deal. I had pain in my left arm
and shoulder, had difficulty in sleeping on
my left side, had frequent smothering spells
and my heart would flutter and palpitate.
I could eat scarcely any kind of food without
suffering great distress, and was so restless
and nervous that I slept little night or day.
Now I am never bothered with my heart,
my nerves are steady as a die, I sleep well,
eat well and weigh 163 pounds. I am happy
now and am trying to make back the money
I spent for doctors who did me no good
while I was ill."—T. R. CRAWFORD, Center,

MERCURY

A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the invariable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored spots and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay. S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.

WELL TRAINED

SCHOOL PUPILS TO HAVE REGULAR FIRE DRILLS.

Prof. Payne, principal of the High school, with the assistance of Supt. Hatfield, has inaugurated a series of fire drills in the High school building and yesterday cleared the entire building, all rooms and on all floors, in just a little less than 3 minutes.

Prof. Payne is doing this in order that the pupils be prepared to leave the building in perfect order should a fire break out. The alarm is sounded and the pupils know it by the number of taps of the gong, and immediately rush to their places in the line and drill out of the room, down the steps and out into the yard in regular order. This, in emergency cases, prevents confusion and will insure against any stampede should a fire break out.

The pupils will be drilled regularly from now on. The plan will also be taken up in other schools and the pupils drilled thoroughly.

A FALSE HEIR.

EXPERTS INTRODUCED TO PROVE CHILD'S IDENTITY.

Berlin, Nov. 13.—The commission, consisting of Dr. Storrer, Prof. Strassman, and the portrait painter Vogel, appointed by the court which is trying the Countess Isabella Wesselska Kwidzki, charged with presenting a false heir to an estate at Wroblewo, to decide if any resemblance existed between the countess and her supposed son, has reported that there are strong physical resemblances between them, especially in the form of ears and that there is no resemblance between the Kwidzki boy and the son of Cecilia Meyer, the reputed mother of the countess' child.

Theatrical Notes.

"The Burgomaster," the first production given in the Kentucky theater after its completion two years ago, came back again last night and had one of the largest houses of the season. It was voted even better than when it first appeared. There seems to be something that draws people to "The Burgomaster," no matter how many times they may have heard it. Its music has a swing and dash and catchiness to it that are never forgotten. The Burgomaster has since its first appearance here been improved by the interpolation of new and up to date songs and specialties and the "Tale of the Kangaroo" was encored several times last night. Other features that elicited applause were the soubrette song, the umbrella song, the Indian song, the tough girl song and in fact every old song. Many claim that there is not a musical production on the stage that has as many pretty strains through it as "The Burgomaster."

Ruth White made a hit as the dude, and has a knack of wearing men's clothes in a stunning way. She is graceful, pretty and attractive, while Helen Dexter is a good dancer, and Grace Gibson makes a first class "tough girl." Wm. Riley Hatch, the "Harlem Spider," Wm. Ricketts, the hard look actor, and others did good work, and the show was generally pronounced one of the best ever seen on the boards at The Kentucky.

The Van Drke and Eaton company, the popular priced favorites of Paducah will open a week's engagement at Kentucky on Monday night, presenting for the first time here Mr. James A. Harkins' great English military comedy drama "Under Sealed Orders." Seats on sale tomorrow 10 a. m. Prices 10, 20, 30 cents. Daily 10c matinee beginning Tuesday.

The Kentucky will have a strong attraction in "A Romance of Coor Hollow," which appears here tomorrow matinee and night. Special 25c matinee and reduced night prices to 50 and 75c.

CAR MEN MEET

MR. HARRY JUDD GOES TO MEMPHIS TO ATTEND.

Mr. Harry Judd, of the local I. O. shops, will leave tonight for Memphis to attend a general meeting of delegates from the Brotherhood of Railway Carmen of America tomorrow in that city.

The meeting was called several days ago and there will be one delegate from every lodge in the union. It is understood that the meeting is being held to adjust matters unsatisfactory to the carmen working for the different roads, but the purpose of the conference was not stated.

Mr. Judd will be the only delegate from Paducah and expects the business of the meeting to be finished by night. Paducah's lodge is said to have no special grievance but delegates from all lodges in the brotherhood are required to be present.

Often a person puts off taking needed tonic because of the disagreeable taste of most tonic preparations.

Therefore, the ideal tonic should be pleasant to the palate. Walther's Peptonized Port may justly claim the title of the ideal tonic, for in addition to being highly agreeable to the taste, it is a strengthener of greatest value, combining port wine, itself a tonic of noted efficacy, with pepton which is nature's own digestive agent.

This preparation restores lost vitality and cures nervous prostration, indigestion and all kindred ailments. For sale by W. B. McPherson, Drug-gist, Paducah, Ky.

THE SKY PILOT

Copyright, 1909, by FLEMING H. REVELL COMPANY

I had intended to be somewhat stiff with him, but his evident admiration of me made me quite forget this laudable intention, and as he talked on with out waiting for an answer his enthusiasm, his deference to my opinion, his charm of manner, his beautiful face, his luminous eyes, made him perfectly irresistible, and before I was aware I was listening to his plans for working his mission with eager interest. Scarcely was my interest, indeed, that before I was aware I found myself asking him to tea with me in my shack. But he declined, saying:

"I'd like to awfully; but, do you know, I think Latour expects me." This consideration of Latour's feelings almost upset me.

"You come with me," he added, and I went.

Latour welcomed us with his grim old face wreathed in unusual smiles. The Pilot has been talking to him too. "We got it, Latour!" he cried out as he entered. "Here you are." And he broke into the beautiful French Canadian chanson "A la Claire Fontaine," to the old half breed's almost tearful delight.

"Do you know," he went on, "I heard that first down the Mattawa," and away he went into a story of an experience with French Canadian rascals, mixing up his French and English in so charming a manner that Latour, who in his younger days long had been a shantyman himself, could hardly know whether he was standing on his head or on his heels.

After tea I proposed a ride out to see the sunset from the nearest rising ground. Latour, with unexampled generosity, offered his own cayuse, Louie.

"I can't ride well," protested the Pilot.

"All, dat's good ponies, Louie," urged Latour. "He's quiet lak wan beetle

He came eagerly toward me.

mouse; he's ride lak—want you call?—wan horse on de rock." Under which persuasion the pony was accepted.

That evening I saw the Swan Creek country with new eyes—through the luminous eyes of the Pilot. We rode up the trail by the side of the Swan till we came to the coulee mouth, dark and full of mystery.

"Come on," I said, "we must get to the top for the sunset." He looked lingeringly into the deep shadows and asked, "Anything live down there?"

"Coyotes and wolves and ghosts." "Ghosts?" he asked delightedly. "Do you know, I was sure there were, and I'm quite sure I shall see them."

Then we took the Porcupine trail and climbed for about two miles the gentle slope to the top of the first rising ground. There we stayed and watched the sun take his nightly plunge into the sea of mountains, now dimly visible. Behind us stretched the prairie, sweeping out level to the sky and cut by the winding coulee of the Swan. Great long shadows from the hills were lying upon its yellow face, and far at the distant edge the gray haze was deepening into purple. Before us lay the hills, softly curving like the shoulders of great sleeping monsters, their tops still bright, but the separating valleys full of shadow. And there, far beyond them, up against the sky, was the line of the mountains—blue, purple and gold, according as the light fell upon them.

The sun had taken his plunge, but he had left behind him the robes of saffron and red. We stood long without a word or movement, gazing at the beauty, till the gold in the west began to grow dim. High above all the night was stretching far star pierced, blue canopy and drawing slowly up from the east over the prairie and over the sleeping hills the soft folds of a purple haze. The great silence of the dying day had fallen from the world and held us fast.

LABOR LEADERS.

IMPORTANT MATTERS COME UP FOR THEIR CONSIDERATION.

Boston, Nov. 13.—The delegates to the twenty-third annual meeting of the American Federation of Labor have re-assembled for deliberation on subjects, the important nature of which has drawn to Boston labor leaders from all parts of the country.

President Gompers' address and the reports of Secretary Morrison and Treasurer Lennan were presented and it is expected that the many recommendations contained in President Gompers' address will be acted upon by the convention. His declaration that the great danger which confronts the Federation is the internecine strife between affiliated unions over the jurisdiction of trades has been the chief topic of discussion among the delegates. It is generally accepted that some decided action on this matter will be taken.

WAS IT MURDER?

U. S. COMMISSIONER FOUND DEAD NEAR CARBONDALE.

Carbondale, Ill., Nov. 13.—The body of Perry L. Caxton, United States commissioner for Southern Illinois, was found dead today by a train crew on the Illinois Central railroad. A bullet hole was found through the lower part of the body and a revolver with one empty chamber was found near the body.

Many believe that Mr. Caxton was murdered, although circumstances seem to indicate suicide.

BRYAN'S LAST SHOT.

New York, Nov. 13.—William Jennings Bryan before sailing for Europe attacked Mr. Cleveland vigorously and asserted that the silver issue is still a potent one with all true Democrats.

"Mr. Cleveland," said Mr. Bryan, "has done more business on less capital than any man who has ever held so high an office as president of the United States. If his Democracy were capitalized at his own estimate it would give us an excellent example of watered stock. He has never had a chance for nomination for the presidency since 1896, and he is so old now that even if he repented in sackcloth and ashes he would be decrepit before his repentance would take the form of good works. I don't believe Mr. Cleveland could carry a single state. He would receive almost infinitesimal support from the Democratic party."

A DANGEROUS MONTH.

This is the month of coughs, colds, and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night? Then, you should always have handy a bottle of Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know it's the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy. 25c, 50c and \$1 at DnBois, Kolb & Co.

MARRIED HIS WIFE'S NIECE.

Jerseyville, Ill., Nov. 13.—Mrs. Louise Campbell and Minor L. Gowin were married in this city. The bride is 60 years old, and has been married twice before. The groom is 80 years old, and has been married once before, his first wife being an aunt of his bride. The couple will go to Florida for the winter.

SCHOOL ENTIRELY.

Guthrie, Okla., Nov. 13.—Because a negro of Comanche county, Okla., determined to send his two children to the white school, school was permanently dismissed by order of the superintendent.

BARN STRUCK BY LIGHTNING.

Starzle, Ky., Nov. 13.—During a storm lightning struck and burned a large stock barn and contents belonging to Marsh Henshaw, several miles from town.

NAME CHANGED

BY THE BIG BUGGY MAKERS ASSOCIATION AT OINNATI.

The annual convention of buggy makers has changed the name of the association from Tri-state Vehicle Association to the Ohio Valley Vehicle and Implement Dealers' Association. It was at first proposed to make the change so as to cover Tennessee, West Virginia, Illinois and Pennsylvania as well as Indiana, Kentucky and Ohio, but the resolution adopted provides for admitting members from any State. This action was taken immediately following the annual address of President Albert S. Miller, of Crawfordsville, Ind., in which it was recommended. Resolutions were also adopted in accordance with President Miller's address, favoring the Brownlow "Good Roads" bill and opposing the "Parcels post bill." Preliminary steps were taken for the organization of a mutual fire insurance company. Secretary J. Frank Hutcheson reported an increase of over 200 members during the past year. There are over 2,000 dealers present for whom manufacturers from all parts of the country have exhibits at the exposition buildings.

Messrs. John Kehkopf, of the Rehkopf company, and Lee Holton, of the Michael Company, are the delegates from Paducah.

BEST LINIMENT ON EARTH.

I. M. Mollany, Greenville, Tex., writes, Nov. 2, 1900: "I had rheumatism last winter was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1 at DnBois, Kolb & Co.

WIN AT NEW ORLEANS

No greater opportunity has ever been afforded the American racing public to earn a steady income with a small capital than does the Maxim & Gay Co. offer you at New Orleans, beginning Thanksgiving Day, November 26.

Everybody conversant with the history of Maxim & Gay Co knows that at New Orleans it has scored those sensational successes which have made its name a household word among patrons of the turf. No record approaches ours for the number of winners named at long prices at the Crescent City. Our experts are already on the ground preparing for the opening. Every indication points to us surpassing our best efforts in furnishing information from that track, and we are again certain we will enable patrons of the Company to win steady incomes on small investments there.

We Pick the Winners.

The system we employ to locate winners is identical with that used by "Pittsburg Phil," John A. Drake, John Gates, W. Langdon, Joe Yeager and other famous plungers who win hundreds of thousands on the turf every year, and it proves just as successful.

We gather our information of prospective winners through a force of expert horsemen who hold a watch on the horses in their early morning trials, and in that way learn when they are ready to win.

The money that is played into the game by persistent losers, such as the large mass of uninformed players are bound to be, goes into the pockets of the big operators, of which the Maxim & Gay Co., representing a large clientele, stands at the head. The work of the Maxim & Gay Co. is to place the general public upon a level with the winning plungers, and our success in this accomplishment has made us famous on two continents.

We do business only on the great racetracks of the U. S. We number among our clients some of the best known sportsmen, financiers and merchants in the country. Investment on the turf is now deemed as legitimate as any other high-class form of speculation. The present high standard to which racing has been brought, and the absolutely good faith in which turf affairs are conducted under the auspices of the Jockey Club in the East, and the Western Jockey Club in the West, has inspired millionaire capitalists and business men all over the country with as much confidence in racing as in the stock, grain and cotton markets, and this is one reason why transactions in the betting rings now rival in magnitude those of the stock, cotton and grain exchanges.

Another reason for the rapid growth of turf speculation in popular favor, is the rapidity with which all transactions are wound up. The speculator makes his investment at the racetrack in the afternoon through us and receives a notification by mail, in a letter guaranteed to bear a postmark earlier than the race is run, of just what horses are to be backed for his account. By the next mail he is informed of the result of that day's operations, and he learns quickly just where he stands. At the end of each week he receives a complete statement of his account with a money order for his profits, less 25 per cent., which we deduct as our fee.

This gives a wholesome tone to legitimate turf speculation which cannot be found in the more or less involved transactions of the big exchanges, and this is why turfmen live more comfortably and live longer than do men whose involved transactions are on their minds, day and night, for weeks and sometimes months at a stretch.

Our Clients Won a Million Dollars.

As it is well known that our clients have collectively won as much as a million dollars at a single race meeting, it is sometimes asked: "Why do not Maxim & Gay simply sit down and back their own selections instead of running a considerable clerical force and spending large sums in advertising in newspapers throughout the country?"

The answer is simple enough if one stops to consider the situation. Maxim & Gay, by dint of ability, energy, organization, capital and advertising, have secured an enormous clientele, which means the command of immense capital. If we can pick winners for this immense number of investors or profits are larger than if we played our own money only, for on a basis of 25 per cent of winnings, which we charge for the information and commission, one man out of every four of our customers is practically betting for us. The proof that this plan works for the benefit of the public as well as that they win three weeks out of four and our books show that no customer who stuck to us for two months ever failed to get well ahead of the game, while not a few of those who now own winning stables of race horses and who are cutting an important figure on the turf, began the game as mere novices, playing our selections through us.

The principle upon which we operate is such that we must of necessity do the best we can for you. Our income, as pointed out, is derived solely from a percentage of the winnings of our clients, and if we cannot make you win, our entire income is cut off. That we have been successful in making our clients win, is amply proven by the fact that we have prospered for upward of three years, while imitators, pursuing more economical and less businesslike methods have gone under by the score. Noting the success that was being achieved by Maxim & Gay, scores of "get-rich-quick" operators tried to break into the field successfully by the older and more responsible firm, but it did not take the press and public long to discriminate between the legitimate and the illegitimate, and as a result we have continued to flourish uninterruptedly, while in the ranks of our rivals there have been scores of enterprises initiated, only to end in failure.

Join Our Winning Army.

The greatest race meeting in the history of the south begins at New Orleans on November 26. In magnitude it will eclipse all other turf gatherings of the past. The Crescent City Jockey Club knows this to be a banner year and has prepared for it. So have we. If there are more horses at the New Orleans racetrack than ever gathered there before, we have more expert "clockers" and handicappers than we ever employed at any other meeting. They cannot make the game too big for us to handle. We move with the times.

If you want to get ahead our discretionary series, at New Orleans, in which we play daily those and only those horses we think fit betting propositions, with the privilege of not playing any horse at all on days when we consider conditions unpropitious, fill out the following blank and forward your remittance to us at New Orleans as soon as you can. Play will be begun on the first day of the meeting, if your money reaches us in time; otherwise we will begin play the first day it reaches us after the meeting has begun. Money should be sent by bank draft, express money order, or currency in registered letter. Uncertified checks are not accepted.

TROUBLE AHEAD

The Strike Commissioner's Report Not Binding

A Plan Agreed on, However, Between Miners and Operators.

Pottsville, Pa., Nov. 13.—Judge Auten's decision that the award of the Roosevelt anthracite strike commission is not binding on coal operators threatens to re-open all the difficulties between the miners and operators by nullifying the agreement, which was to be in force three years.

It is said, however, that as a measure of self protection the big coal companies will agree with the United Mine Workers on measures to punish any of the independent operators who may try to kick over the traces.

This may be accomplished by leaving the collieries of the independents idle, while their men are furnished work elsewhere. As the combine controls all coal railroads, refusal to market independent coal would also soon close down independent mines.

SCHOOL RALLY.

A PLEASANT TIME AT LONE OAK TOMORROW.

Mr. Charles Evans, of Marion, Ky., a man well known in educational circles in this and other states, will deliver an address at Lone Oak tomorrow at the big county school children's rally.

Great preparations are being made for the rally and a band from Paducah has been secured to furnish music. A big barbecue will be one of the features of the rally but most of the visiting children will bring their dinner with them, in regular picnic fashion. There will be speeches and features of the rally other than the address of Prof. Evans and a pleasant time is assured all who come out.

PAINFUL INJURY.

YOUNG MAN HAS FLESH SCRAPED OFF BY EMERY WHEEL.

Herchel Ellis, an employe of the Shelton Bros. foundry and machine shops on South Third street was injured this morning while working at an emery wheel.

The young man was grinding an instrument at the wheel when his hand slipped and was forced against the wheel. The skin and flesh was quickly scraped off, making a very bad wound. The injury was dressed by Dr. J. S. Troniman.

HOPKINSVILLE MAN GOES TO NORTONVILLE.

Dr. G. W. Loran of Hopkinstville, has accepted the position of surgeon for the Nortonville Coal company and will remove at once to Nortonville to look after the health of the miners and their families. His family will follow him to Nortonville in a few days. He succeeds Dr. Robert Sory, son-in-law of Dr. J. T. Reddick, of Paducah, who will come here to practice with Dr. Reddick. Dr. Sory will arrive here in a few days.

CONSTITUTIONAL AMENDMENT CARRIES EASILY.

The constitutional amendment carried by a large majority, it seems.

Up to the present time there are only six counties to be heard from, namely, Bell, Breathitt, Jackson, Lawrence, Rockcastle and Wayne. The votes from all of the others have been received, and a majority in favor of the measure much larger than was expected at any time seems to be the result.

While the total vote has not as yet been tabulated, it is thought that it will go nearly to thirty thousand. The six counties not heard from will show a vote about even for and against the amendment.

NEW ROUTE

POSTMEN WILL ALL BE RELIEVED BY ADDITIONAL CARRIER.

Monday morning Paducah's new postman will begin his rounds. Superintendent Fred Ashton has arranged the new route, which will take off principally the work of other carriers on Fifth and Sixth streets between Norton and Trimble. The relief will enable the other carriers to make the better time and more trips.

It will also enable the postoffice department here to have four deliveries on Broadway between Fifth and Sixth instead of two deliveries as now.
